Pandemic II – Infect the world as efficiently as you can!

Name _____
Date _____
Block _____

Go to this site:

http://www.crazymonkeygames.com/fullscreen.php?game=pandemic-2

Watch the tutorial. Play the game. You will present your winning strategies next class.

1. Which of the three types of vectors (pathogen) did you choose?

2. What did you name your pathogen?

3. Your pathogen started in which country?

PAUSE THE GAME NOW AND KEEP IT PAUSED UNTIL #18!

4. Find and click on your country (an information box will open)—how many people live here?

5. How many people have you infected (you being the pathogen)?

Close the country's information. Look around at the country and the rest of the world.

6. What available methods of transportation are found in your country?

7. What do the **+** symbols stand for?

8. What do the **drop** symbols stand for?

9. Look at the **Disease** tab, did your pathogen start off with any natural Resistance?
   If so, what are they and what do they mean?

10. Look at the **Disease** tab, did your pathogen start off with any specific modes of Transmission?
    If so, what are they and what do they mean?

11. Look at the **Disease** tab, did your pathogen start off with any Traits?
    If so, what are they and what do they mean?

12. Did you start off with any **symptoms**?
    If so, what are they?

    Are they "noticeable" symptoms (click on the symptom for information)?

13. How many "**evolution points**" are you starting off with?

    Click on the **World** tab.

14. What are the 5 categories on the World pop-up menu (hard to see…)
    1.
    2
    3.
    4.
    5.

15. Give information on the following…

Category	Numbers
Alive Population	
Infected Population	
Healthy Population	
Dead Population	
Active Hospitals	
Date Virus started	

16. List the first most infectious vector you used to infect the world.

17. List the first symptoms you used to infect the world

18. List the first resistances you used to make you infect the world faster.

Play the game for a bit to get the rest of the information:

19. Date Vaccine started (the date is on the bottom right and a pop up will tell you when the vaccine process gets started):

20. Date Vaccine completed (pop up):

21. Did the Vaccine work? _____ If yes, what did the virus pop-up tell you? If no, what did the virus pop-up tell you?

22. List **ALL** the steps that countries use to prevent infection (there are MANY that scroll down on the left-hand side of your screen)

23. Which countries did you infect (record data on your Country Infection Sheet below)?

24. Which countries escaped infection?

25. WHY did they not get infected?

26. If you could change how you played the game, what would you do differently?

Country Infection Sheet

List the names, populations, and dates of the countries you infect.

Country Name	Population (click on individual country)	Date (bottom right of screen)
