

Ribonucleic Acid

(RNA)

Name _____

Date _____

Block _____

What is RNA?

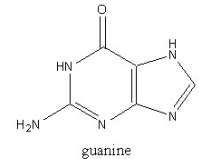

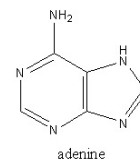

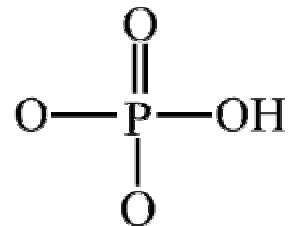

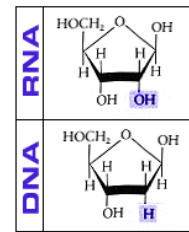

- _____ that takes the DNA message to the _____
- involved in _____
- there are 3 types of RNA: _____

What is the Structure of RNA?

- large compound composed of _____ of REPEATING units (called _____)

- each nucleotide is composed of:

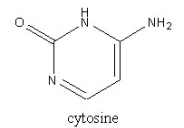

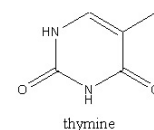

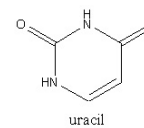

— _____
— _____
— _____

RNA's Nitrogenous Bases

- 4 types of nitrogenous bases:

— _____ - _____
— _____ - _____

- *Note: RNA does not contain _____, but contains _____ instead.*
